Mariam brought her adoptive daughter-named Happiness-to a hospital in Gamboula, Central African Republic (CAR) in order to be treated for malnourishment. It was during her daughter's hospital stay that she learned gardening skills from those at CEFA. In this time she came to faith in Christ, Happiness was healed, Mariam gained skills to feed herself, and also went on to share what she learned about Jesus and gardening with others.

Mariam and Happiness's story is one example of those who have been affected by the work of CEFA. Your purchase of apples helps to take a bite out of hunger and malnutrition.

SHARING THE HARVEST is a mission venture of the churches of the Pacific Northwest Conference (ECC), facilitated by Wiley Heights Covenant Church in support of projects through Covenant World Relief and Growing Hope Globally. We work to demonstrate God's love through sharing the harvest.
